

EasySiteWizard™ **Get your Business Online Today!**

A critical component of any business strategy is communicating with customers. No longer a nice-to-have marketing tool, a website is now a necessity.

iSelect Internet has made it easy to get your business online. With EasySiteWizard, you don't need HTML or programming knowledge. The wizard driven tool can help you get your site up and running in minutes with an easy three-step process. Getting your business online couldn't be any easier!

EasySiteWizard allows you to:

- Easily create a dynamic website without HTML knowledge and with no complicated software downloads;
- Build and maintain a professional website without the expense of hiring a site designer – you can build it and update it by yourself at any time;
- Choose from hundreds of pre-built site templates organized by industry vertical;
- Access over 10,000 web-ready images to enhance the design of your site;
- Preview your site anytime as you build it;
- Incorporate an EasyStoreMaker online store to your website at the click of a button and start selling online.

RELIABILITY: EasySiteWizard operates on a clustered server environment that is both fully redundant and monitored 24x7x365 ensuring it is always online for visitors to see.

SIMPLICITY: EasySiteWizard follows a simple 1-2-3 process allowing you to create your website in just three easy steps with your corporate colors, customized images, a full-featured online store, and more.

ACCESSIBILITY: EasySiteWizard is available right in your WebsiteOS under "Site Builders" – there's no software to download, manuals to read, or extra fees to pay. Just click and go!
