

EasyStoreMaker 2.2- Enhancements

EasyStoreMaker 2.2 brings even more features and ease-of-use to what is already a state-of-the-art online store creation application. Here is a summary of version 2.2 upgrades:

1. **Multi-Language Support:** Users can now create and display an online store in English, French or Spanish
2. **Checkout:** The shopping cart checkout process is now enhanced to include two new buttons, "Checkout" and "Back", allowing users to easily move forward to purchase or backward to select more items
